**Subject:** M&B status

Hey Sarah,

Sorry I missed your call. I have been working from home a lot and have been totally consumed with the Portland Harbor Proposed Plan. I have a call scheduled to talk about M&B grant stuff from 1-2pm on 6/16 next week with my EPA grant coordinator. I can't remember if I told you about that meeting. If you are free at that time, you are welcome to join our call. If not, I can always relay the info from the grant coordinator about what is needed for the grant extension application. I also realized that he never got back to me about the disposal requirements for the equipment that is onsite. I just sent him another email to remind him to get back to me. Let me know if you would also like to touch base this week about the 5YR. I will be in the office all week.

Thanks and sorry for my delay in getting back to you,

Anne
